Subject: FW: update on CEQ CCUS report RE: CCUS Permitting Report Working Group
Attachments: 060121 CCUS Report_for principals review.docx; Table Cross-Referencing USE IT and Report_612021.docx

This is the incoming that I got from CEQ this afternoon. They asked for comments by noon tomorrow. I asked other offices to provide comments by 10am so that I have time to do clean up and a final read before the noon deadline. Their schedule doesn't give me time to give you an early version of collated comments to peruse; if it's okay with you, please refer to the sharepoint document if you would like to see where things stand.

Subject: update on CEQ CCUS report RE: CCUS Permitting Report Working Group

Jane and I wanted to thank you all for your collective contributions to the report. Your attention and quick answers to our questions helped make pulling this together possible. We are attaching the latest draft, which is concurrently going through the review within CEQ and the Climate Office. Please send any substantive comments, should you have them, no later than noon tomorrow. We plan to submit to OMB and get this into the formal review by Friday, You'll receive it as part of the formal interagency review process after that.

Thanks Again,
sarah
